Subject: ND Class VI Primacy

Hi Kevin and Craig,

The package (letter to the Federal Register Office, a copy of the draft Direct Final Rule, and copy of the ND Notebook for Class VI primacy) is complete and will be sent to the Federal Register Office tomorrow morning by internal mail. This will be faster than sending the package by Fed-Ex or UPS.

As soon as we get the approval from the Federal Register Office (am hoping by the end of the month), will start routing the proposed rule and direct final rule for signature and publication in the Federal Register. I can give you a more accurate timeline as soon as we hear back from the Federal Register Office.

Thanks,

Lisa

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
